

PURESAN PURE MIST

Puresan Pure Mist is an anti-microbial spray which is available in 50ml spray bottles.

Application

- Puresan Pure Mist is a broad-spectrum germ killer that has excellent anti-microbial properties.
- Because of its disinfecting properties, it is also an ideal **SANITISER**.
- Pure Mist has been tested to kill 99.99% of harmful germs including E-coli.
- Unlike many other sanitizers on the market, Pure Mist Pure Mist is safe for both **ORAL & TOPICAL** use.
- It is ideal for use as an all-in-one multi-purpose hand sanitizer and general disinfectant and protectant.
- Eliminates most known harmful pathogens.
- Prevents cross contamination.
- Totally effective for wound disinfection.
- Safe and odourless.
- Perfect travel companion in convenient 50ml spray bottle.
