INNOVATIVE LIQUIDS FOR ALL YOUR CLEANING AND HYGIENE NEEDS

Puresan Pure Scrub Hand Wash is a 1.4% Chlorohexidine Gluconate surgical hand wash. Application of Puresan Pure Scrub Hand Wash has an initial reduction of bacterial counts (70%-80%) reductions that achieve 99% after repeated applications. Rapid regrowth occurs after application of povidone-iodine containing hand wash, but not after use of chlorhexidine gluconate.

PURESAN PURE SCRUB HAND WASH CHARACTERISTICAL FEATURES

- Antiseptic skin cleanser and infection control for hand washing
- Effective broad-spectrum antiseptic agent
- Meets CDC (Centre for Disease Control) and WHO (World Health Organisation) regulations for surgical hand washing
- Binds to skin proteins for persistence of action
- Mild formula and adjusted pH compatible with skin chemistry

PURESAN PURE SCRUB HAND WASH CHARACTERISTICAL BENEFITS

- Puresan Pure Scrub Hand Wash is ideal product for hand hygiene during a Pandemic such as COVID-19
- Sustains antimicrobial efficacy over extended periods
- The same hand wash product may be used for routine hand wash and for surgical hand scrub.
- Provides antimicrobial protection if a glove failure exposes clinician to blood or other body fluids
- Recommended in facilities at risk of Norovirus or Clostridium difficile outbreaks
- The CDC does NOT recommend alcohol hand rubs in this situation – hand washing cannot be replaced by hand sanitising

USE INSTRUCTIONS

- Follow the hand washing procedure diagram as below

Wet hands with water

Apply about 2 ml to 5ml of soap to cover all hand surfaces

Rub hands palm to palm

Rub back of each hand with palm of other hand with fingers interlaced

Rub palm to palm with fingers interlaced

Rub with back of fingers to opposing palms with fingers interlocked

Rub each thumb clasped in opposite hand using a rotational movement

Rub tips of fingers in opposite palm in a circular motion

Rub each wrist with opposite hand

Rinse hands with water

Use elbow to turn off tap (if possible)

Dry hand with a single-use towel

Hand washing should take 20 - 30 seconds
